The Czech Days Head Committee along with the Baking Committee has made changes to the baking schedule. This year, we will hold our baking in the evenings. Each afternoon, the mixers will arrive at 2:30 pm. All other group members should plan to arrive at 4:00 pm. We are estimating that groups will be finished between 7-8:00 pm each evening. Due to the shorter shifts each day, we have added one additional week for a total of three weeks of baking.

These changes have been made to accommodate more of our parishioners' schedules, allowing those who work during the day the opportunity to help. As always, we encourage both the women *and* men in each group to help during their group's baking days. If you have any questions, feel free to contact Katie Stika at 563-379-2185. Thank you for all you do for our parish!
